

INSTANT CHURCH DIRECTORY ONLINE

Our church is now subscribed to Instant Church Directory Online. With this subscription, we are better able to keep our church directory up to date and readily available. We also will now be able to produce a pictorial directory without needing to have professional pictures taken, and it can be updated as needed, as opposed to waiting for months for a new directory that is probably already outdated by the time we receive our copies. To contribute a photo of your family for our directory, you can do one of the following:

1. Email a photo to office@shermancoc.org with a request to upload it to our directory.
2. Request that we take a photo of your family at church for the purpose of uploading it to our directory.
3. Bring a photo in to the church office and we can scan it and upload it.

Once you have a photo uploaded, you can have it updated whenever you would like. Simply repeat the steps listed above.

Instead of taking everyone's pictures at the same time and then waiting for a company to produce a printed directory, we will be able to print you an updated pictorial directory any time at your request.

You can also access our directory from your mobile device. To do so, follow instructions on the other side of this sheet.

The data that is currently entered into our directory is the same information that you submitted for our address book that was released this past January. To add, update or request removal of any information, please email your requests to office@shermancoc.org, or call the church office at 859-428-1661.

If you have any questions about this, please contact Eric Nease. Thank you.

Sync Our Church Directory to Your Mobile Device

Now you can sync our church directory directly to your Apple, Android or Kindle Fire device with a FREE app!

Search for other members, and then email, call or text – right from the directory app.

It's Easy!

1. Go to your device's App Store.
2. Search for Instant Church Directory.
3. Enter your email as it's listed in our church directory.
4. Enter the assigned password into the app to begin syncing.
